

We have started the operation of train cars installed with “Childcare Support Spaces”!

Bureau of Transportation of Tokyo Metropolitan Government has begun operation of train cars installed as a trial with “Childcare Support Spaces” as described below on the Toei Oedo Line so that passengers with small children can use it without constraints.

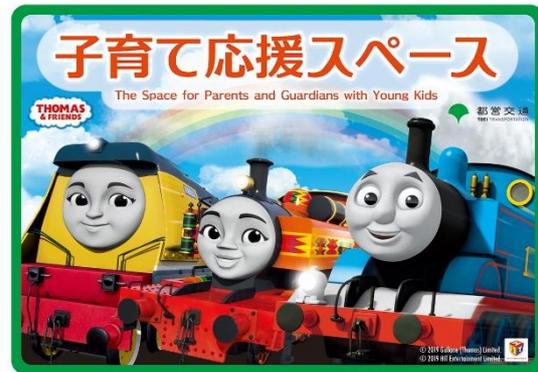

“Childcare Support Spaces” are decorated with the popular characters “Kikansha Thomas & Friends”, and its design has an easy and friendly touch to the young children and is also enjoyable to other passengers.

Notice

1. Image of Decoration

Decoration on the Interior of the Car (Image)

Sticker on the Exterior of the Car

2. Starting Date of Operation

Wednesday, July 31, 2019

3. Locations of installation

Free spaces of the 3rd and 6th cars of Toei Oedo Line 3 formation (6 places in total)

4. Operation Schedule

As operation of cars changes every day from reasons such as maintenance, so, please check with the Bureau of Transportation’s website on the day of boarding about the operation schedule of cars installed with “Childcare Support Spaces”,

*Also, please note that depending on the situation the service schedule may change. We appreciate your understanding in advance.

5. Others

The “Childcare Support Spaces” are the spaces where not only passengers with small children but also anyone including elderly people or wheelchair users can ride as well.

Thank you for your understanding and cooperation.
