Toei Bus 100th Anniversary Sento Stamp Rally

Visit Tokyo's public baths by Toei bus and win exclusive goods produced in collaboration with BEAMS JAPAN!

To commemorate the 100th anniversary of the founding of Tokyo's Toei Bus line, a special stamp rally will be held from February 6 until March 22, visiting the public baths of Tokyo.

Participants who visit 12 of the approximately 440 public baths in Tokyo can receive, as a present, an original pair of socks designed by BEAMS JAPAN featuring the artwork of popular illustrator Shuhei Tabuchi. Those who present their Toei one-day bus pass or bus and rail pass at special participating public baths can also receive an original sticker. There will also be limited-edition one-day tickets and collaboration goods available for sale.

During this stamp rally period, a special "Sento no Susume-go" bus featuring a unique wrapping design with the Toei Bus mascot Minkuru will be driving around Tokyo. The interior will also be decorated to match the promotion.

This winter, come ride a Toei Bus and warm up in a nice public bath!

Toei Bus was founded on January 18, 1924 in response to the Great Kanto Earthquake. At the same time, many public baths were also being built to provide services to local residents recovering from the earthquake, often featuring the luxurious and robust 'miyazukuri' architectural style, similar to shrines, which became symbolic of public baths of this time.

Toei is joined in this Sento no Susume ("Public Bath Recommendation") project by Beams Co., Ltd (Headquarters: Shibuya-ku, Tokyo, President and CEO: Yo Shitara), and Cow Brand Soap Kyoshinsha Co., Ltd. (Headquarters: Joto-ku, Osaka, President and CEO: Teiji Miyazaki), sharing the enjoyment of local public baths and developing a variety of content.
