

## The Second Pilot Test of AI Translation Transparent Display on Toei Bus Routes in Asakusa Area!

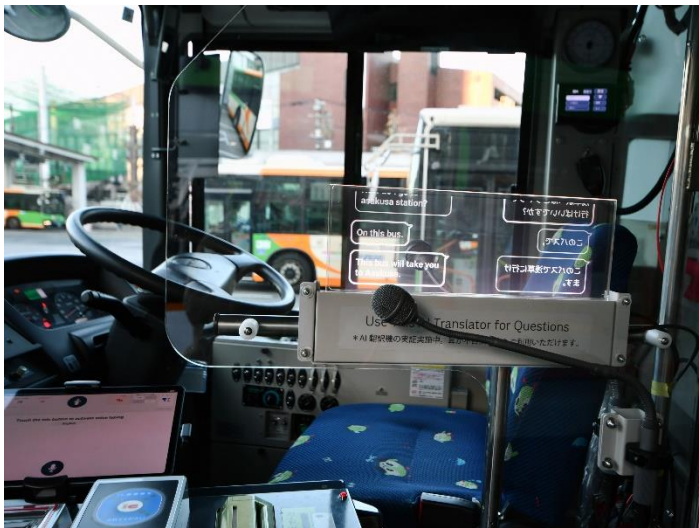

As inbound tourism to Japan increases, bus drivers face growing demand for multilingual support, while driver shortages make workload reduction and smooth communication critical.

Following a successful first demonstration in Shibuya in November 2025, this second demonstration will be conducted on Toei Bus routes in the Asakusa area, a major destination for foreign visitors, to further assess usability and operational challenges.
